

WOMAN'S COMMISSION

The PAGC Women's Commission was first established in 1990 as a non-profit organization under the PAGC Convention Act and mandated by the PAGC Chiefs to help promote and protect the rights of Women, Elders and Youth.

2015 marked a great milestone for the PAGC Women's Commission as they celebrated their 25th Anniversary in conjunction with their 15th Annual Post-Secondary Scholarship Awards Banquet held on October 26, 2015. For the past 14 years, the PAGC Women's Commission has provided up to six scholarships at \$500 each to women from the Prince Albert Grand Council. The scholarships are developed to advocate and honor our First Nation women in their pursuit of academic excellence.

As part of the 15th Annual Post-Secondary Scholarship Awards, there was 2 new categories created in the Health and Economic Development sector for \$500 each and open to female or male recipients sponsored by the PAGC Health & Social Development and Prince Albert Development Corporation. Both awards were in honour of the Late Chief Wesley Daniels who was a strong advocate for health and wellness, economic development, education, youth and the PAGC Women's Commission.

The PAGC Women's Commission held their 15th Annual Golf Tournament on June 5, 2015 and 11th Annual Memorial Walk for Missing & Murdered Indigenous Women and Men on June 25, 2015 and both events were well attended.

It was a busy time for the PAGC Evacuation Command Centre during the Northern Saskatchewan fires and evacuations this past summer. It was a demonstration of our people coming together and assisting the evacuees and we commend the volunteers, firefighters and leadership for all their hard work and efforts.

The PAGC Women's Commission host's the Annual Veteran's Remembrance Day Ceremony on November 11th and thank you for continuous support for our veterans who served our country and sacrificed their lives for our freedom, peace and prosperity.
