

PAGC Community Medicine Strategy : Plaza 88, December 5 & 6, 2016

**We, at PAGC, feel privileged to host this timely gathering. It is our goal to introduce Dr. Darien Thira, his ideas and expertise to community workers and young adults who want a community free from suicide. With his help, we will begin planning how this can happen within each of our communities. To do this we need three reps who are committed to take the plan home and involve the community in completing the plan. We are inviting 3 participants from each First Nation in Saskatchewan to attend: One rep from Education; one rep from Health & Social Development and one Young Adult rep between the ages of 18 and 30.**

**Suicide is a serious problem which needs a community response. If you are interested in helping your community become suicide free, then please fill in the following registration form before November 21, 2016.**

**Thank you for caring.**

**On behalf of the Planning Committee, we look forward to meeting you on December 5<sup>th</sup> and 6<sup>th</sup>. Safe travels.**

**Linda Cairns**

**PAGC Embrace Life Coordinator**

PAGC Community Medicine Strategy : Plaza 88, December 5 & 6, 2016
